

January 1st – December 31st, 2022

Subject: Environmental Compliance and Materials Declaration Request Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) Restriction of Hazardous Substances (RoHS) Waste Electrical and Electronic Equipment (WEEE) Rare Earth (RE) Hexavalent Chromium Substances

To Whom It May Concern,

Arrow Electronics, Inc. or one of our wholly owned subsidiaries (collectively, "Arrow", "we", "us" or "our") is in receipt of your recent inquiry regarding environmental compliance and materials declarations, based under one of the regulations listed in the subject line hereto (collectively, "Environmental Regulations"). We are aware of the obligations the Environmental Regulations place on manufacturers and importers.

Arrow, as a distributor or assembler, complies with its obligations under RoHS Directive and national implementing legislation by informing its customers in the European Union, about the compliance status of products made available in the market.

For information on specific components, we suggest you subscribe to SiliconExpert Technologies ("SiliconExpert"). SiliconExpert works directly with component and product manufacturers to obtain materials and hazardous substance content. SiliconExpert maintains chemical and environmental compliance data for electronic components spanning several regulations and industry standards, such as REACH, EU RoHS, China RoHS, WEEE, JIG-A, JIG-B, RoHS 2, SCIP & ELV. Information regarding Conflict Minerals is available in the SiliconExpert Technologies parts database. If you are interested in exploring how SiliconExperts could help you with your environmental compliance issues please send an inquiry to sales@siliconexpert.com.

If we can assist further, please do not hesitate to direct your inquiries through your normal sales channels.

We thank you for your continued support.

Sincerely,

Arrow Electronics, Inc.
